CAN YOU AFFORD NOT TO USE GLOBALGAMES™SPORTS?

GLOBALGAMES™SPORTS are the industry leaders in MatchDay Activity and professional Sports Promotion Roadshows.

Our experience and reputation has been built, and earned, through providing a completely professional service based on the Health & Safety of our Staff, our Clients and the Public.

So what makes us different from the rest?

Our prices include a minimum of 2 members of staff to ensure activities and games are NEVER unattended

Can you afford a multi-million pound lawsuit if someone got injured at your club?

We have an, industry-excelling, £10 million Public Liability Insurance

But we have never had to use it.

Our company Health & Safety Policy is published and available to view.

We are proud of our standards and are happy to let you see them – just to make sure!

All of our games are supplied with extensive Risk Assessments and we can write/assist in writing Method Statements for events as well.

Preparation is the key and a one size / one document certainly does not “fit all”.

We have worked at most professional sports grounds and major venues and are experienced at liaising with H & S Officers.

Our experience, reputation and standards will help to ensure your event goes ahead.

Our games are all supplied with temporary barriers, ground stakes and sandbags (as appropriate) each time.

One less thing for you to worry about, knowing that wind loading and safety are covered.

We send a pre-event check list to you the customer to ensure we know everything about the event before we even arrive.

This wastes no time on the day; delivering a safe, secure and successful event.

How not to do it?

We know of a club who hired a cheap “Inflatable Sports” game for their open day / event. The suppliers arrived, set the game up and left, only to return to collect the game at the end of the day.

- **Was someone responsible for the safety of the public?**
- **Was anyone covered by Public Liability Insurance?**
- **Were changes in weather conditions catered for?**

The answer to each of these questions is **NO!** Please don't make the same mistake.

Just a few of our previous customers:

Wolverhampton Wanderers, Sheffield United, Olympique Marseille, Manchester United, Tottenham Hotspur, London Irish, England U21, Fulham FC, Saracens, Shakhtar Donetsk, Heart of Midlothian, Welsh FA, Worcester Warriors, The FA, Neath Swansea Ospreys, British Basketball, Pentathlon GB, UK Athletics

GlobalGames™Sports design, build and deliver exceptional sporting experiences.
